Dear Kevin,

On behalf of Birmingham Bloomfield Families in Action, I would like to thank you for an absolutely fabulous evening!

Your performance far exceeded our expectations! Even the hypnosis cynics in the audience were hooked and couldn't believe the show. There was a smile on every single face as they left the Comedy Castle and people are still calling our office to tell us what a terrific time they had last Wednesday night.

I know it was an evening that everyone there will remember for a long time and I am sure that a number of people who were in the audience will gladly volunteer to be hypnotized the very next opportunity they get!

We really appreciated your professionalism as well as your willingness to help us raise some extra money for our non-profit organization. Every little bit counts and because of what you said and did during the show, we were able to raise more.

Thanks again for a wonderful show! You were amazing!

Very Truly Yours,

Julie Fisher
