Kevin,

When I suggested to my convention committee that we consider you as the entertainment for our annual summer meeting, I received some concerned looks. Some of the questions asked included –

What if someone divulges their true negative feelings about someone while under hypnosis?

Will those under hypnosis be forced to perform degrading or demeaning acts?

Just how out of control will the hypnotized subjects be?

Will people be entertained or will they feel embarrassed for those on stage?

The answer to the question, "Will people be entertained by a hypnotist?" was a resounding yes! Here are just some of the comments from our attendees –

"This was the best entertainment we've ever had at an annual meeting"

"I laughed so hard, I had a hard time catching my breath"

The quote from one of the committee members was-

"I don't know what we were so worried about. The show was entertaining, funny and very professionally done!"

Thank you for making the CPS Annual Summer Meeting so special. Your show was highly entertaining and had all of our attendees "laughing so hard they had a hard time catching their breath." Next time we need a hypnotist who is a great comedian and entertainer, Kevin Lepine will be the first one we will call.

Thanks,
